

Manual Dishwashing Liquid

Concentrate

KITCHEN & FOOD PREP

PRODUCT DESCRIPTION:

Zexa Manual Dishwashing Liquid is a powerful detergent with a fresh lemon fragrance, for handwashing in kitchen sinks.

Cleverly formulated to be tough on grease and grime but gentle on hands, it is a safe and cost-efficient choice for any commercial kitchen.

The highly concentrated formulation allows you to adjust the strength according to the level of soil on wash items, leaving wares sparkling clean.

DIRECTIONS FOR USE:

Designed to be dispensed into sink through a squirt bottle.

Light washing: Add 25mL concentrate to water in a 20L sink.

Normal washing: Add 50mL concentrate to water in a 20L sink.

Heavy duty washing: Add 100mL concentrate to water in a 20L sink.

For best results, allow items to soak in the sink while water is at its warmest before washing heavily built-up or baked-on residues.

PACK SIZE/S: 5L, 15L

PRODUCT CODE: 2-307
