Handwash

Foam Soap

HAND HYGIENE

PRODUCT DESCRIPTION:

Zexa Handwash is a colour and perfume free, foaming hand cleanser that is designed to eliminate bacteria on the skin. It is highly effective against a broad spectrum of microorganisms and suitable for all situations where reducing the possibility of microbial cross-contamination is important.

Gentle and emollient-rich, it helps condition the skin whilst reducing transient bacteria. The dye and fragrance-free formula makes it suitable for use by those with sensitive skin and noses.

This product is suitable for frequent hand washing.

DIRECTIONS FOR USE:

Remove cap from the cartridge, invert and place in dispenser. Close and lock dispenser with key.

As a safety and security feature, a sealing ring has been fitted to prevent re-filling cartridges. When empty, simply remove and replace with a new cartridge.

PACK SIZE: 1L cartridge for use in Dispenser programs
