Floor Cleaner

Concentrate – Versatile Hard Surface Cleaner

Product Description

Zexa Floor Cleaner is a unique blend of surfactants, water conditioners and water-based solvents formulated to quickly penetrate, clean and protect all types of hard surfaces. It is highly dilutable and versatile, making it well-suited for use on vinyl, stone, ceramic tiles, sealed floors, timber, painted walls, laminate and polished metal.

This non-corrosive and non-abrasive solution is kind to surfaces, users and handlers. The gentle citrus fragrance imparts a comforting, refreshing residual aroma to surfaces and spaces where it is used.

Key Features

- Non-corrosive, non-abrasive
- Powerful action on grease & grime
- Added water conditioners
- Highly versatile & dilutable
- Refreshing citrus fragrance
- Australian made
